

Jeffrey Gathmann

I grew up in Southern California and picked up golf when I was 6 years old. However, it was not until I got into high school where golf was my one and only sport. After growing a passion and love for golf, I went to college to study PGA Golf Management. While attending the University of Colorado - Colorado Springs, I completed 16 months of internships at Cherokee Ridge Golf Course, Bayonet Black Horse Golf Course, and Brasada Ranch. I have been with Desert Falls Country Club since February of 2020 and was recently promoted to Head Professional.

Greetings everyone,

I am so glad to be returning to Desert Falls for my 3rd season of teaching. Hopefully, you are looking forward to getting into the swing of things and having a great golf season.

This last year has been challenging for all of us. I want to assure you that I am making every effort to adhere to the guidelines that are in place. With this in mind, I will only be offering individual lessons. This will consist of 1/2 hour or 1-hour lessons. Also, I will be offering a series package if you are interested.

I had a wonderful career, and it would be a privilege to pass some of my knowledge on to you. My coach and mentor was Harvey Pennick and I work to pass on his instruction to my students.

My credentials include winning the US Women's Open and the Colgate Dinah Shore Championships.

I am looking forward to seeing you out on the links.

Have a great golf season and stay safe.

Kasia Kay

From the very beginning I was passionate about sport in school, immersing myself in the swimming team and winning many track and field accolades in javelin, long jump, high jump, and cross country running. My first love however was horse jumping, I have been riding horses since I was six years old, my parents own a small stable with four horses at home in Poland. Unfortunately, when I was seventeen, I had a horse accident the day before a competition. I woke up in the hospital where they told me that I broke my spine, and I would never walk again. I spent six months in a wheelchair determined to get back my normal, active life. When I finally started walking, and was able to do sports again, I was introduced to golf. I have not looked back. Winning a small competition at the local golf course the first time I held a golf club, ignited my love of this game. Eager to improve I dedicated myself to practicing and was very soon winning Polish golfing competitions. In 2008 I won as an amateur in my handicap group and represented Poland in the Amateur World Golf Championships in South Africa. I finished 8th overall but 1st as a woman. Since moving to Los Angeles over 10 years ago I've continued to play and have been training at the David Leadbetter School in Florida, then with Jay Lim, and now Micheal Bantley (Charley Hoffman's coach). I'm proud to have become the face of golf in Poland after being approached by the Polish Golf Association. I've have won many golf tournaments in Poland and I was the best female player in my country. I have been blessed in my life to be able to travel the world and play some of the most prestigious golf courses and tournaments around the world. After my third attempt at LPGA Q School, I received my Symetra Tour card starting the 2017 season. I am also an ambassador to numerous golf brands including Miura, Taylormade, Truespec, Oaklay. I'm very excited to have relocated to La Quinta where I can continue working on my game and get ready for the 2021 season.

Jim uses video and teaching aids in his lessons. He also instructs the student how to practice better to improve all parts of their golf game.
